Mutrah Souq

Mutrah Souq 23.619465621261, 58.564942067624

Many people come to Mutrah Corniche just to visit the souq, which retains the chaotic interest of a traditional Arab market albeit housed under modern timber roofing. Shops selling Omani and Indian artefacts together with a few antiques jostle among more traditional textile, hardware and jewellery stores. Bargaining is expected although discounts tend to be small. Cards are generally accepted in most shops, but bring cash for better deals. The main entry is via the Corniche, opposite the pedestrian traffic lights.
